## GUIDELINES FOR PURCHASING AND GETTING THE MOST OUT OF YOUR SCHOOL UNIFORMS PURCHASE!

By following a few simple guidelines, you will have a great school uniform experience as well as getting the most out of your purchase.

1. **Don't wait until the last minute to do your shopping** — many people wait until the end of August to purchase their uniforms; we recommend that you make your purchases by the middle of the summer in order to make sure you get the best service and take advantage of the deepest inventory; also, some items require embroidery, and this can take up to 2 weeks during peak season. **Do yourself a favor and take advantage of our "10% OFF SALE" which runs 6/15-7/15.** If you are concerned about your child growing over the summer, then purchase one size larger, so that things will still fit and last a while into the year!
2. **Don't bleach or iron over logos** as this can cause them to fade quickly.
3. **Wash cold or warm and dry on the lowest possible temperature.** This will help avoid un-due wear as well as any shrinkage. Also, we highly recommend not using "dryer sheets" as these tend to cause pilling on fabrics. This is especially true for sweaters and gym uniforms.
4. **Use our Special Spot Remover** for those tougher stains.
5. **Purchase enough to get you through the week.....** Most people wash once a week, so we recommend typically 2-3 bottoms, 3-4 tops, and a gym uniform to get through a week. This will help avoid excessive wear and keep your clothing in good condition for the year.
6. To assist with early purchases, please wait to alter and leave all tags and labels on garments. Unaltered, unwashed, unworn, unlogo'd items can be exchanged until the start of school.
